

## **Course Site Setup & Course Creation—(Thinkific) \$1800.00 Onboarding:**

The onboarding session is to collect information and requirements needed to establish your Thinkific site and get your course online. You'll receive a few intake forms to fill out to provide me the information needed to start the build out.

## **Site Setup & Creation:**

Once the information needed to set up your Thinkific site is collected, the work begins with the following:

- Setting up your Thinkific site
- Creating your course sales page
- Uploading your course content
- 1 - Home Page Set-Up/Design
- 1 -Course Sales Page Design
- 1-Course setup Curriculum upload (Videos, Quizzes & Etc)
- Full site setup: including integrating payment gateways, setting up completion certificates\* & etc.
- Completion Certificate(s)

## **Requirements:**

- Onboarding Info Sheet(s)
- Images
- Videos
- Branding guidelines
- Course outline
- Course curriculum, Content & etc

## **Add ons:**

### **Post-Project Support & Maintenance Support (\$ Price of add-ons dependent upon the Client needs.)**

- Create additional courses, pages or integrations\*
- Replace Curriculum
- Manage your Thinkific site

**Note:** This project is projected to take 14-21 days to fully set up your Thinkific site. Other specifications such as additional courses, pages, or integrations may take longer depending on your requests.
